About Me

I am a dedicated Full-Stack Developer with over 6 years of experience in software development and web design. With a strong background in computer science and proficiency in various programming languages, frameworks, and tools, I have built and managed over 30 websites, 10+ applications, and 5+ Odoo systems. My goal is to leverage my technical skills and problem-solving abilities to contribute to innovative projects.

WORK EXPERIENCE

2023 - Present
Software Engineer | X Gympass

- Developed and maintained the company's mobile application and website.
- Created social media content and graphics, enhancing the company's online presence.
- Assisted in the design and implementation of user-friendly interfaces and features.

2021 - Present
Senior Developer | Miig Solution

- Led the development of various systems using Odoo and websites using WordPress.
- Built and deployed over 30 websites, with 80% utilizing WordPress.
- Developed more than 10 mobile applications using Flutterflow and Firebase.
- Collaborated with clients to deliver customized solutions and ensured timely project completion.
